ercame Troubles in Week's Time Taking Orgatone and Is Now Back on His Job at Work.

"It is the honest truth, before I had taken this Orgatone Treatment a week, I was well and strong enough to go back to work," said Percy May, residing at 1314 Greenwood street, Tulsa, Okla., the other day.

"I had a very bad case of stomach trouble and gastritis." he continued, "that knocked me out so I
simply had to quit working. My
stomach was in such an awful fix
everything I would eat would disagree with me and made me miserable all the time. The gas in my
stomach would puff me up so I could
hardly stand it, and, in fact, far five
years before taking orgatone I felt
tired and worn-out all the time.

"I noticed in The Tulsa World
where people who had trouble similar to mine had received so much
good from Orgatone, I got me a bottie to try. Well, sir, it sure surprised me, for I began to feel better
right from the very first dose, and
before the week was out I was back
on my job and have been working
right along ever since like nothing
had ever been the matter with me.
I never saw anything in my life before sive such quick relief as this
Orgatone Treatment, and I haven't
had a single symptom of my trouble
since I started taking it."

Have your teeth treated and repaired before they undermine your general health. We announce the opening of the new Dental Firm

Drs. Wolfe & Poynor

at 300 Robinson Building, in the suite of offices formerly occupied by Dr. O. M. Fenton, whose practice we have assumed.

Our new offices are light and airy and sanitary—we have every facility for treating your teeth by modern methods and at prices that will always be reasonable. Both members of this firm are young men with long records of honorable service in local dental offices.

We are asking for your patronage on the basis of strictly sanitary, high grade workmanship and reasonable prices.

Don't Put It Off

If your teeth are decayed, don't delay having them treated-diseased teeth are responsible for a large percentage of human ills today, including insanity.

Dr. Cotton, the eminent dental authority, says in the November issue of Dental Facts: "Ill positioned and diseased teeth not only add to the general bodily infirmity, but are one of the productive causes of insanity." Don't delay-come to our office this week, let us examine your teeth and give an estimate on the cost of having them made sound.
